A Further Sharp Fall in Burlington Weakens Other Grangers.

STOCKS IN GENERAL ARE NEGLECTED.

The American Loan and Trust Suspends-Gold Engaged for Export

Wall Street, | Wednesday, Feb. 18-6 P. M. | Like as two peas in a pod-yesterday's market

and to-day's. The volume of transactions; Burlington again furnishes one-third of all the trading and again is down 2 per cent; silver bullion is again active and declining, and again the general list is very dull

and a trifle lower. There was one new feature-a drive at Rock Island. The stock advanced a smart fraction in the early trade, but there was scarcely any trading in it, and at two o'clock it was back to the opening

In the hour to the close 13,000 shares were dealt in, carrying the price down 2 per cent, to 66%. St. Paul was the only other active stock on the list. Burlington, St. Paul and Rock Island together repesent more than one-half of all the day's trading. The general list yielded only a fraction, although there were some unfavorable developments-the suspension of the American Loan and Trust Com-

pany shortly after noon and the engagement of

\$600,000 gold for export by Saturday's steamers. When recent shipments were made the rates for sterling bills were below the level which would ordinarily admit of exports and they are now a fraction under the rates then current. Like the

Silver bullion certificates were fairly active. They opened 1% lower at 97%, sold % below that figure and ended at 98%, which is a net decline of % on the day's transactions. The certificates were firm at the close, while stocks were weak all round.
